

Frasier

The Frasier is perfect for your growing family—affordable and spacious. The entry opens into the family room with an impressive octagon tray ceiling and fireplace. The large bar in the kitchen overlooks the breakfast area, perfect for casual dinners and entertaining. The roomy master bedroom, has his and hers walk-in closets, a garden tub, separate shower, and double vanities. The home has one bedroom next to the master bedroom for a younger child or a convient study and is separated from two bedrooms for privacy. The Frasier comes standard with a double garage.
